

11. DETAILED RESEARCH PROPOSAL  
(maximum 10 pages, double-spaced, excluding references and appendices)

← Limit of 10 pages!

a) Rationale and significance of proposed research (maximum 1 page)

→ Describe the significance of your expected outcomes.

b) Review of existing knowledge

→ What do we already know about your topic? Where are the knowledge gaps? How well was previous work conducted?

c) Aims and objectives of the project

→ First indicate your overall project goal/aims. Then state each of your project objectives clearly.

d) Research design, methods and data analysis

→ Re-state your objectives, followed by detailed description of methods used for each. Describe how you will collect data, what type of data, from where (sites), from whom (participants), and how you will analyze those data. If applicable, append interview guides and questionnaires.

e) References

→ Use recent literature and provide complete references.
